<i>Description: We are removing old none grounded wire and running new wire with ground. GFCI protected circuits are being added to the bathroom and to the kitchen. Dedicated circuit for smoke detectors will be added also. No additional outlets have been added, electrical layout is the same, we are just running new grounded wire. MC cable is being used in areas that will be covered by plaster. Attached is a schematic of the home with panel schedule and load calculations. Nothing is being done to current 200amp panel. Panel is to remain the same. Old fused sub panel is being removed And all load circuits are directed to main panel.</i>

	<i>Description: There is an existing permit (TC-SOL-1024-00651) for solar at this address. The property owner needs to contact building_official@tucsonaz.gov to have the permit withdrawn. The property owner will need to provide a letter of documentation in the email stating that they are the property owner and show proof that they are indeed the property owner to be added to the existing permit if they are not currently attached to the existing permit. Once they have been added to the existing permit they may process the withdrawal of the existing permit. Please note: no withdrawal will be processed if fees are due. If there are fees due, they must be paid prior to any withdrawal of the permit. Once the withdrawal of the existing permit has been processed, the hold will be removed from the SolarApp permit and it will be processed in a timely manner. If you have any questions about this, please email building_official@tucsonaz.gov</i>
